GREY WELLNESS · FOR HEALTHCARE PROFESSIONALS

Refer a Patient

https://greywellness.com/en/for-providers/

Clinical care & eligibility

Mónica Grey, MS, LCPC, NCC · Master of Science, Johns Hopkins University.

- Adults seeking Cognitive Behavioral Therapy for Insomnia (CBT-I), anxiety therapy, or trauma-informed care, including Cognitive Processing Therapy (CPT) when appropriate.
- Virtual sessions in English and Spanish. Patients must be physically located in Maryland, Virginia, or Washington, DC at the time of the session.
- Insurance is accepted only for Maryland clients, subject to confirmation of the specific plan and benefits. Virginia and Washington, DC sessions are self-pay.

Patient-initiated contact

Patients may call 240-203-8879 to ask about a free 15-minute consultation, availability, fees, and clinical fit. No professional referral is required.

Call 240-203-8879

Provider-to-provider referral

Discuss the referral with the patient. Call before sending identifying or clinical information to confirm availability, recipient, and the appropriate transfer channel and authorizations.

Fax referrals: Fax instructions coming soon. Please call before sending records.

Care coordination & records

Coordinate care according to patient preferences and applicable confidentiality requirements. Confirm disclosure authority and obtain required authorizations. Send only relevant information. Do not send psychotherapy notes or full records unless requested and legally authorized.

Patient choice & next steps

Patients choose their provider. A referral does not guarantee an appointment, coverage, or results, or itself establish a therapist–client relationship. Continue existing care until a transition is agreed.

No referral fees

No fees, gifts, compensation, or reciprocal referral commitments are exchanged for referrals.

Privacy on this page

The referral webpage has no analytics, advertising trackers, or patient-information form. Do not send sensitive information by ordinary email or public forms. Hosting access logs may exist; other pages and services have separate privacy practices.

Not an emergency service

Routine referral channels are not for urgent care. For an immediate medical emergency, call 911 or go to the nearest emergency department.
